Company Description:

John R. Young and Co. is a stable and well-respected local family owned and operated business since 1890. The company consists of three (3) divisions; Young's Lubricants, Young's Tire & Automotive Center and Young's Home Comfort. Our success is made possible by a highly experienced team of professionals dedicated to providing excellent products and services.

Position Summary:

The employee is expected to work as a valued member of the heating oil division, performing installation, maintenance and repair of oil, gas and electric heating and cooling equipment. We are always looking for individuals with the talent and skills required to contribute to our continued growth and success.

Primary Duties and Responsibilities:

- \* Perform installation, maintenance and repair of oil/gas/electric heating and cooling equipment, in addition to troubleshooting problems (residential and commercial)
- \* Drive a service truck in a safe manner, obeying all rules of travel
- \* Maintain all related paperwork
- \* Adhere to all DOT requirements, as well as state specific driver requirements
- \* Follow all safety rules and operate equipment in a safe and conscious manner
- \* Perform routine maintenance of truck (i.e. checking/maintaining fluid levels, cleaning, etc)
- \* Maintain a neat appearance in grooming, hygiene and wear appropriate clothing
- \* Perform accurate service in accordance with John R. Young and Co. procedures
- \* Performs other duties as assigned
- \* Provide outstanding customer service
- \* During busy periods, be available to **cover rotating on-call duty and be available to work overtime if needed**

Basic Qualifications: (Candidate must meet the basic qualifications to be considered)

HVAC Oil Heat Certification, Type 1 & 2 Refrigerant License

Language - Fluent English

Clean driving record (no accidents)

Must be able to pass pre-employment drug screening

Ability to operate and maintain equipment in a safe manner at all times

Must be able to withstand exposure to seasonal weather elements; both heat and cold
